

## Stacked Deck Grant Scoring System

The North Carolina Problem Gambling Program (NCPGP) grant application scoring system uses a 12-point scale for the grant review process. There is an overall impact activity score and an individual criteria score which will be combined for a total of 12 points. Applicants must at least receive a score of three to be considered for funding. Applicants with higher scores will receive preference. Past grant performance will also be taken into consideration by reviewing outcome reports.

### Impact Activity Score Description

- Number of students that will be taught the curriculum
- Type of outreach activity that will be implemented
- Who the outreach activity will reach

### Individual Criteria Score Description

- Title 1 school designation or the number of children on free or reduced lunch
- School or organization in a county with a military installation
- School or organization that is a first time applicant or has not applied in five years

### Impact Activity Score

Impact Activity	Score
Teach 30 students the curriculum utilizing the PowerPoint presentation and notes	1 point
Teach an entire grade the curriculum utilizing the PowerPoint presentation and notes	2 points
Create and implement a poster competition with NCPGP Helpline on all entries	1 point
Create and implement a PSA video with NCPGP Helpline on all entries	2 points
Present the outreach activity to school	1 point
Present the outreach activity to school and parents and/ or community	2 points

### Individual Criteria Score

Criteria	Score
Title 1 school or organization that serves students with more than 50% on free or reduced lunch	1 point
School or organization in a county with a military installation	1 point
School or organization that is first time applicant or has not applied in five years	1 point
